

Sentence of Freeman.

At half-past six o'clock, on Friday morning, William Freeman was brought up for sentence. The Court House was densely crowded with spectators; among whom were a large number of ladies.

The prisoner being very deaf, his Honor Judge Whiting beckoned him to come near him, which he did occupying the witness stand. The Judge speaking loud asked him if he knew what he was there for, to which he signified that he did not. He was then asked if he remembered John G. Van Nest, to which he answered, yes. To the question do you know you killed him? he made the same answer. After some further questions and explanations of his situation, which, apparently, he did not fully understand, the Judge, pointing to the Jury, said, the Jury there, say you killed him, and we are going to sentence you to be hanged; [the prisoner here appeared very sensitive,] do you understand that? He was then asked if he had anything to say to his Honor the Judge to which he replied, he didn't know.

Sentence was then pronounced that the prisoner at the bar, William Freeman be taken from this place to the place from whence he came, there to remain until Friday, the 18th day of September next, and that on that day between the hours of one and four in the afternoon, he be taken from thence to the place of execution appointed by law, and there hang by the neck until he shall be dead.—Daily Chicago Tribune.

MURPHY'S MISSION.—We find the following important rumor in the Western Continent, of the 25th ultimo:

"It is reported that the hurried mission of Mr. Murphy from England to Mexico, via the United States, is to make the following proposal, viz: that Mexico shall cede California to the United States for fifty millions of dollars; two and a half millions to be paid to American citizens, on behalf of Mexico, and in discharge of the Treaty of Indemnity, ten millions to be allowed to the U. States as indemnity for the expenses of the war, and thirty-seven and a half millions to be paid to the English claimants upon Mexico, in discharge of their mortgage upon California."

NAVAL.—The United States surveying brig Washington, Lieut. Commanding Bache, sailed from New York on Tuesday for the Gulf Stream in the prosecution of the coast survey. In addition to the surveying duties, a series of interesting experiments are to be made in the Gulf Stream as regards the temperature of the water at various depths, and an attempt is to be made to reach the bottom, for which purpose they have on board three thousand five hundred fathoms of line. In addition to the ordinary civil duties, the Washington is armed with one long eighteen pounder and four eighteen-pound carronades, so that if anything in the way of privateers should come in her track they may chance to be picked up. The storeship Lexington, Lieut. Bailey commanding also sailed on Tuesday for the Pacific.

JAIL BROKEN.—The Jail of this county, at Equality, was again broken from the inside, on Wednesday morning, 15th inst., by the prisoners, and all confined escaped. The prisoners were William Henry, confined for the murder of Early; a man named Dorsey, a notorious counterfeiter, who was sent from Hamilton county for safe keeping, and two runaway negroes. By some means they had obtained an auger, with which they bored through the trap-door of the second floor, reached up and slipped the ring out of the staple, with which the door was fastened, and were thus enabled to gain the upper room.—There is no entrance from the outside to the lower apartment. In the morning, when the door was opened for the purpose of giving them food, the whole body of prisoners rushed past the two boys who were performing that duty, and escaped.—Gazette (Shawneetown).

THE MORMONS.—The Hancock Eagle of the 17th states that in consideration of the 500 men placed by the emigrating Mormons at the disposal of the government, Col. Kearney has pledged his protection to these people, and given them the use of "any of the Indian lands they may think proper to select," until they may be ready to cross the mountains. In accordance with this arrangement the Mormons have selected Grand Island, on the Platte river as their winter quarters. The Mormon host will collect at this point preparatory to their march for California next spring. They propose to push forward for this point, as rapidly as possible, and after reaching it, to send back from five hundred to one thousand wagons, for the purpose of helping along those who may yet be in Illinois, Iowa, and Missouri. This is to be done with all possible expedition. Grand Island is stated to be between one hundred and two hundred miles west of Council Bluffs.

CANADA.—Large quantities of muskets, carbines, swords, and other military weapons have been received in Canada, and the militia are to be armed forthwith. Several iron war-steamer are to be placed on Lakes Erie and Ontario; and the Toronto Examiner states that the Ordnance Department have received orders to build a fort at Port Hope, and to expend \$400,000 on improving its harbor. It is sixty-five miles below Toronto. The Canada papers speak of an intended expenditure, by Britain, of ten millions of dollars in fortifying the colonies. The Tory journals, are loudly demanding free trade with all nations, via the St. Lawrence. Since the St. Lawrence navigation opened last May, down to the 10th inst. 428,369 barrels of flour, 309,781 bushels of wheat, and 7,511 barrels of ashes have been passed downward to Montreal.—New York Tribune.

Correspondence of the Signal.

Galena, July 25, 1846.

MISSRS. EDITORS.—I have spent several days in travelling through this section of country, including the south-western part of Wisconsin, and have been highly pleased with the trip. Their country is rapidly filling up with emigrants, and in no way deficient in democracy; which last, if other things were wanting, would make me love it. They are to vote for delegates this fall to the convention to form a Constitution, and will in all probability engraft into it a clause prohibiting the Legislature from chartering Banks or other institutions for the issuing of paper money. They have already discarded the use of paper money. Gold and Silver compose their entire circulating medium, and no want of money among them at that. It has been said of the mining region, that they are a demoralized people; this is untrue. You will find as much generosity of feeling and high moral sentiment among them as among any class of people I know; quite as much at any rate as among that class that croak so much about temperance and morality. As for churches, I counted four Catholic, in as many villages, in one day's ride, and ten or twelve others of different denominations. There are plenty of good looking women among them and some wine. On the whole, they are very much like other folks. This town is rapidly improving. The river is at a very low stage—none but the smallest class of boats come above the rapids. The County Court is now in session here; Hon. H. T. Dickey presiding. Among the practitioners at the bar, I noticed Hon. J. B. Thomas of your circuit. Business seemed to be going off well. Yours truly, W.

DIED.

On Wednesday, July 29th, of consumption, Mrs. ESTHER REED, consort of Thomas B. Reed, (formerly of Royalton, N. Y.) aged 49 years.

Splendid Farm for Sale.

SITUATED on Hickory Creek 11 miles east of Joliet, the Stage route from that place to La Porte and thirty miles from Chicago, 1 mile west of the main road from Chicago to Danville, containing 340 acres; 80 acres fenced and under a high state of cultivation; 130 acres first rate timber and the balance high rolling dry prairie. There is a good block house, frame barn and other out-buildings, a good well of water, a small stream of ever falling water on the premises, and is well calculated for a stock or grain farm. Apply to Levi M. Clays on the premises or to S. W. BOWEN Agent, Joliet or to J. B. H. RUSSEL, Land Agent Chicago. August 4th, 1846.

In Chancery.

The above Plows will be sold cheap for cash.

MIDDLEMISS & BENJAMIN. Joliet, July 28th, 1846.

JEW DAVID'S

HEBREW PLASTER.

Honey Coated Pills.

The public have for a long time been acquainted with the superior virtues of the famous "Jew David's Pills," and it is deemed a work of duty to present to the public a full and complete exposure of its properties and truly wonderful effects upon the human system. A few weeks since we published extracts from several letters from agents who are selling this Plaster and the "JEW DAVID'S PILLS," to give an idea of the estimation in which these established Family Medicines are held by the public. In addition to the Hebrew Plaster, and Jewish Pills, we now have the proud satisfaction of calling the attention of the afflicted to a new and truly wonderful medicine, to a medicine that is fair to supercede almost all others. It is no other than

JEW DAVID'S HONEY COATED PILLS.

The public have long called for a Sugar Coated Pill that could be depended upon, as they have been so often imposed upon by some spurious article that is made of inferior qualities of medicine, that is not fit to be taken into the human system; and by their being coated over, the impurities of the articles of which they are made are hid from the public, and thus the community have been deceived.

We know that the public have been appealed to times out of number, to test the wonderful virtues of various Pills. The Jew David Honey Coated Pills, only claim a modest share of what is claimed by the most of the Pills of the day.—We think that it is endeavoring to impose upon the good sense of the community to say that the Jew David's Pills, or any other pill will cure all the diseases that afflict humanity—but we do say that for Bilious diseases, Liver complaint, Constipation, Bloating, Cholera, Pain in the side and head, there is nothing better that can be taken, than what we soon remove the above difficulties. And a pill that can be taken without offending the patient's stomach, is a consideration of much importance. These pills operate without causing any pain or griping, such as is experienced by the majority of pills.

The Jew David's Honey Coated Pills are a modification of the Persian or Resurrection Pills. The most valuable articles in the Persian Pills are retained in the Honey Coated Pills—rendering them much more valuable, as well as palatable to the taste. Their value has been fully and fully tested, and notwithstanding the high estimation which the Persian Pills have long enjoyed, we confidently recommend the Honey Coated Pills to be equal with the Persian. The long experience we have had in dealing in the Persian Pills, has taught us that very few medicines can compare with them; but we do believe that if they had been known, they would have been more extensively introduced. And we would unhesitatingly say, that the public can place the same confidence in the Jew David's Pills, as they have in the celebrated Persian Pills of Jew David's Hebrew Plaster. The name of the Jew David's Honey Coated Pills has been given this article, that the people may be assured that it is no humbug, and that all that are acquainted with the celebrated Jew David's Plaster may not hesitate to try them, and recommend them to their friends.

We shall only give the names of two or three Physicians that have thoroughly tested the medical qualities of these Pills. The first is one of our most eminent physicians, and well known throughout Will County. Joliet, Ill., July 23d, 1846. Mr. E. Taylor:—The past three months, I have used in practice about ten dozen boxes of the "Persian Pills," and within the past three weeks, several boxes of your "Jew David's Honey Coated Pills," and believe them both to be admirably adapted to the diseases of the Western country. I consider them a safe and efficient cathartic, in cases where the object is to cleanse the system and purify the blood.

In an extensive practice of more than twenty years, I never found a better pill to be used as a family medicine, than the "Persian Pills," and the "Jew David's Honey Coated Pills," and cheerfully recommend them as such. Yours truly, M. K. BROWNSON. Albany, March 6, 1846.

Mr. Taylor:—I have analyzed the Jew David's Honey Coated Pills, and have found them to be composed of the most approved and valuable articles in Materia Medica—and in all cases where I have known them tried, they have given perfect satisfaction. D. GORDON, M. D. Atto, June 21, 1846.

Mr. Taylor:—I have used Jew David's Honey Coated Pills, in my practice, with the happiest result, and can cheerfully recommend to the afflicted as the best pill now in use. N. S. WELLES, M. D.

Manufactured by E. TAYLOR, Rochester, N. Y., successor to Cumstock & Co., and proprietor of the celebrated Jew David's Plaster. A neat and valuable pamphlet relating to the above medicines can be had gratis of the following gentlemen, who are the authorized agents for the sale of the genuine Hebrew Plaster, Persian Pills, and Jew David's Honey Coated Pills. Beware of counterfeits as they are about.

For Sale by BROWN & CO., East Joliet. GEO. H. WOODRUFF, West Joliet. GEORGE SNOAD, Plainfield. E. E. BUSH, Lockport. T. L. BOUGHTON, Yorkville. J. W. PICKERING, Newark. H. D. RILEY, Wilmington.

P. FILER, Sol Agent, for Illinois and Wisconsin. All orders addressed to him at Joliet, Ill., will meet with prompt attention.

Dr. A. Turner.

Would respectfully announce to that unfortunate class of community who are laboring under the disease of EYE, that he has located in the village of Plainfield, and is prepared by his new and unique method of treatment, to take charge of, and cure, all such cases of Ophthalmia as have been hitherto regarded incurable.

Those who have either from the judgment of their Physicians, or the great length of time they have suffered, regarded themselves as doomed to perpetual pain or darkness, may take new courage, in view of the unparalleled success attending that particular mode of treatment of the Eye adopted by Dr. Turner; and only in use by three others in the United States.

Dr. T. will also attend to the wants of the public in the treatment of female diseases, and especially that distressing malady, called hemorrhoids or piles, which are treated on scientific and rational principles. Dr. T. received his education in one of the best medical colleges in the United States, and is also familiar with the latest hospital practices; and therefore feel fully prepared to exercise his professional skill upon scientific principles. (In treatment of the Eye, no fee will be taken until an improvement is experienced.) Plainfield, July 16, 1846. n6-6m

LANE & WEEKS. Lockport, March 10, 1846.

Teams, Teams, Teams!

TWENTY-FIVE Cx and Horse Teams wanted to draw Stone by the Yard, from the Dupage quarry to the Au Sable creek, a distance of seven and a half miles. Horse teams go twice a day, and carry from 12 to 27 feet per load. For every 27 feet we pay two dollars Cash. Teams must come with two inch plank bottom to wagon, with some Rack, with at least 5 inch side pieces, and good end pieces to make as to hold in the bottom plank, with a bearing under the rack to support the plank (the bearing can be put in after the teams are upon the work, as we have a blacksmith on the spot.) We have now 30 teams hauling stone. Teams coming from the east of the quarry can take a load as they come down. We have a good crane to load with in the quarry, and men to help unload. Teams can load anywhere on the road, and they can get in.

For further particulars, inquire at J. A. Matteson's Store, Joliet or of the subscribers on the work. MATTESON & CAMPBELL. Joliet, June 13, 1846.
